

Summary of Activities for Board

Function: Organizational Liaison

Linda Hyde, RHIA

Date: November 27, 2007

Summary of Activities:

There has been limited activity since the last board meeting. Monitoring of the MHDC meetings identified a couple that would be relevant to MHIMA members. E-mails were sent to appropriate board members.

Susan Marre attended a HIMSS networking meeting in November. Interest was expressed in developing some form of collaboration between the two groups. She provided Linda Hyde's contact information for follow up.
